VEHICLE SPECIFIC DOUBLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant Fit Kit. If none exist for the vehicle you want to install drawers to, a generic Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic Fit Kit if a vehicle specific Wing Kit/Fit Kit is available as a generic Fit Kit will not maintain the ADR Compliancy.

UNIVERSAL DOUBLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant Fit Kit. If none exist for the vehicle you want to install drawers to, a generic Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic Fit Kit if a vehicle specific Wing Kit/Fit Kit is available as a generic Fit Kit will not maintain the ADR Compliancy.

UNIVERSAL SINGLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant Fit Kit. If none exist for the vehicle you want to install drawers to, a generic Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic Fit Kit if a vehicle specific Wing Kit/Fit Kit is available as a generic Fit Kit will not maintain the ADR Compliancy.

UNIVERSAL SINGLE DRAWER MODULES

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant Fit Kit. If none exist for the vehicle you want to install drawers to, a generic Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic Fit Kit if a vehicle specific Wing Kit/Fit Kit is available as a generic Fit Kit will not maintain the ADR Compliancy.

The only difference between Left and Right drawer modules is the position of the power supply (on the outside of the drawer) and the LED switch

PART NUMBER	TO SUIT	Universal Drawer Single Module Only	RRP
