VEHICLE SPECIFIC DOUBLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant EFK Fit Kit. If none exist for the vehicle you want to install drawers to, a generic EFK Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic EFK Fit Kit if a vehicle specific Wing Kit/EFK Fit Kit is available as a generic Fit Kit will not maintain the ADR Compliancy.

UNIVERSAL DOUBLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compli-
ancy, all MSA 4X4 drawers must be fitted with the relevant Fit Kit. If none exist for the vehicle you want to install drawers to, a generic Fit Kit is available – but these drawers may
not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic Fit Kit if a vehicle specific Wing Kit/Fit Kit is available as a
generic Fit Kit will not maintain the ADR Compliancy.

UNIVERSAL SINGLE DRAWER COMPLETE KITS

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant EFK Fit Kit. If none exist for the vehicle you want to install drawers to, a generic EFK Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic EFK Fit Kit if a vehicle specific Wing Kit/EFK Fit Kit is available as a generic EFK Fit Kit will not maintain the ADR Compliancy.

WING & FIT KITS - BLANK

NOTE: We take the time and expense of comprehensive ADR Compliant Crash Testing which covers you and your customers in the event of an accident. To maintain this compliancy, all MSA 4X4 drawers must be fitted with the relevant EFK Fit Kit. If none exist for the vehicle you want to install drawers to, a generic EFK Fit Kit is available – but these drawers may not be ADR Compliant. Contact us for guidance on maintaining ADR Compliancy in this instance. Do not use a generic EFK Fit Kit if a vehicle specific Wing Kit/EFK Fit Kit is available as a generic EFK Fit Kit will not maintain the ADR Compliancy.

PART NUMBER	TO SUIT	Wing & Fit Kits Only	RRP Incl GST
