

CANVAS CARE INSTRUCTIONS

The service life of canvas products will be long and trouble free by following these simple care instructions. The canvas used in the manufacture of MSA 4X4 & Tradie Gear canvas products are of a premium blend of polyester and cotton.

- Cotton for a natural feel
- Polyester for strength and longevity
- Our specifically designed canvas is 100% waterproof

**DO NOT
MACHINE WASH**

DO NOT SCRUB

**DO NOT USE
DETERGENT**

- Brush loose dirt off with a soft brush
- Wipe with a microfibre cloth or sponge and warm water in circular motion
- Remove excess water with chamois then allow to dry naturally

DO NOT apply soaps, detergents, bleaches, cleaning fluids or insecticides to the canvas as these will remove the waterproofing and will affect the dye.

DO NOT machine wash (never machine wash any good quality canvas as it will destroy its waterproofing treatment)

DO NOT allow petrol, diesel, oil, kerosene or other similar fluids to come into contact with the canvas

DO NOT scrub the canvas as excessive scrubbing will also remove the waterproofing treatment

DO REMOVE deposits of organic matter such as soil, grass or bird droppings from the canvas as soon as convenient
